**A PROJECT OF THE
GUN
VIOLENCE
RESPONSE
NETWORK**

St. Louis Area Violence Prevention Commission
Quarterly Meeting
Friday, April 28, 2023

N.O.W.

To support increased resilience and well-being in St. Louis neighborhoods isolated and traumatized by community violence.

Program Components

- Real Time Response to victims of crime
- Grief Workshops
- Community healing and trauma trainings
- Neighborhood leader healing salons
- Healing event planning and design sessions
- Community healing houses

A large, irregular green brushstroke graphic that serves as a background for the title text.

Program Methodologies

- Engagement & Outreach to Neighborhood Leaders
- Recruitment of Community Organizations
- Partnering with faith-based organizations
- Training & capacity building of leaders

Project Deliverables

- 20 - 25 trained neighborhood leaders (per area) who are capable of self-activating and responding to community crises, using community healing practices.
- Cohorts of trained neighborhood leaders will participate in 8 neighborhood-based healing events for program participants and the community at-large.

Project Partners

- Black Healers Collective
- Haven of Light School of Mental Health
- Safe Streets, Safe Neighborhoods
- St. Louis Community Health Workers Coalition
- The “T” – Power4STL

Project Areas

- Walnut Park (East & West), Baden *
- O'Fallon & College Hill
- Wells Goodfellow & Hamilton Heights
- Fountain Park
- Dutchtown
